

The **Labcold** Spark-free range is engineered to store amammable materials safely with no sources of ignition inside the chambers. Anything that could cause a spark is located outside of the chamber.

Warning: Do not store open containers of volatile substances in this fridge.

For extra security all spark-free models are fitted with a built-in lock and digital temperature display. The display features high and low audio and visual temperature alarms as standard in addition to a door open alarm.
